

# PATHMANAGER

Enhanced Monitoring & Simulation/activation System

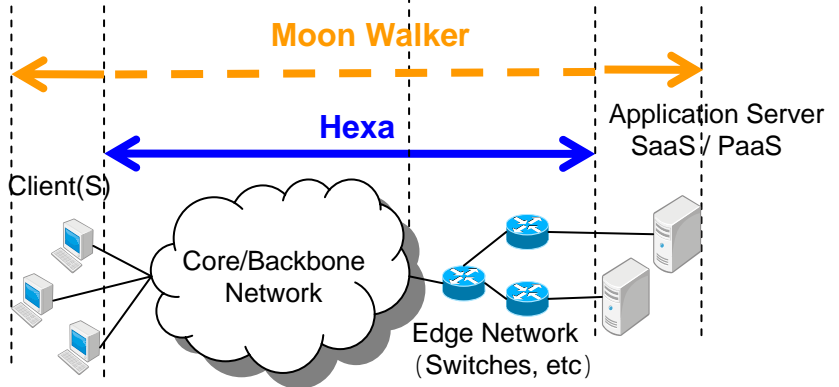

## Coverage

### Hexa

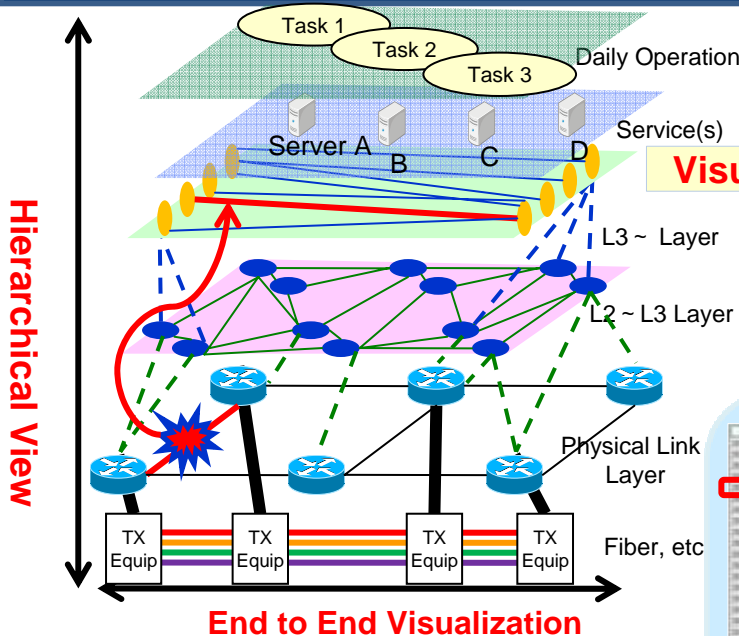

Network Monitoring, Simulation, Design & Activation

### Moon Walker

Service(s) : server(s) & Application Management

## Function

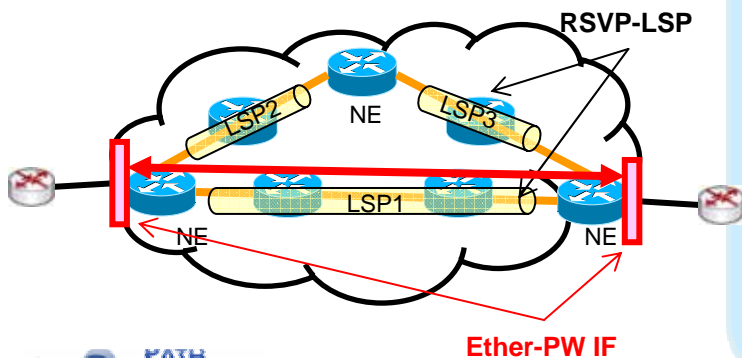

Hierarchical View

**End to End Visualization**

**Network Designer**

- ✓LSP Simulation / Activation
- ✓Pseudo Wire Simulation / Activation

Your Existing OSS + Hexa

Analyze Trap

- ✓1st Action (Cause of Problem)
- ✓2nd Action (Impact affected)
- ✓3rd Action (Who is customer? (To Whom contact?))

**Drastic saving in case of trouble**

- ✓Notify the cause of trouble and impact affected by the trouble
- ✓Notify necessary next action Who is customer? To whom inform for next action?
